SUMMARY

Software Engineer with experience in automation testing and backend development using Java and Spring Boot. Strong foundation in data structures, object-oriented programming, and software development life cycle. Skilled in building scalable applications and automation frameworks. Passionate about software development with a focus on clean, efficient, and high-quality code.

WORK EXPERIENCE

Software Development Engineer and Tester || Cognizant Technology Solutions, Hyderabad (JUNE 2025 - Present)

- Collaborated with cross-functional teams to understand requirements and develop automated test solutions for enterprise applications
- Designed and executed scalable automation frameworks using Selenium WebDriver and Playwright
- Developed reusable test scripts in Java, improving test coverage and reducing manual effort
- Performed debugging and root cause analysis of defects, contributing to faster issue resolution
- Actively involved in Agile/Scrum processes including sprint planning, daily stand-ups, and retrospectives
- Analyzed test results and provided actionable insights to enhance software quality and performance

PROJECTS

Omnium Passport: Selenium, Java

- Automated end-to-end workflows using Selenium, reducing manual testing effort by ~40–50% (if applicable, keep realistic)
- Validated application functionality across multiple environments ensuring stability and reliability.
- Identified critical defects early, improving release quality and reducing production issues.
- Created detailed test reports and dashboards for stakeholders.

Smart Food Donation Platform: Java, Spring Boot, MySQL:

- Built scalable REST APIs using Spring Boot following MVC architecture
- Implemented CRUD operations with optimized SQL queries for efficient data handling
- Applied role-based authentication and authorization using secure backend logic
- Ensured modular and maintainable code using object-oriented principles
- Tested APIs using Postman and validated responses for reliability

EDUCATION

Computer Science and Engineering, Matrusri Engineering College	7.46 CGPA (2020- 2024)
INTERMEDIATE, Narayana Junior College	9.8 CGPA (2018-2020)
10th Class , Zilla Parishad High School	8.8 CGPA (2017-2018)

SKILLS

- | | | |
|-------------------------|---|-----------------------|
| ● Programming Languages | : | Java, SQL |
| ● Frontend Technologies | : | HTML, CSS, Typescript |
| ● Databases | : | MYSQL |
| ● Development Tools | : | VS Code, Eclipse |
| ● Automation Tools | : | Selenium, Playwright |
| ● Frameworks | : | Spring Boot, TestNG |
